

8th LabEx DRIIHM symposium

6, 7 & 8 September 2021

Jean Jaures Univ., Toulouse, France

PROGRAMME

Monday september 6th

9:30-10:30 - *Welcome Coffee*

10:30-11:00 - Introduction

Welcome + Introduction by S. Blanc, Scientific and Technical Manager of LabEx DRIIHM and Director of InEE

Introduction to the three days by D. Galop, Director of the OHM "Pyrénées haut-Videssos"

11:00-11:45 – News from DRIIHM - Chairman: D. Galop

Organisation, bilan and Objectives by S. Blanc

Transversal Projects by Y. Noack, P. Duboz, S. Daviet et F.-M. Le tourneau

Transversal actions: DataDRIIHM and ESD by C. Pardo

11:45-12:45 - News from the OHM – Chairwoman: C. Pardo

12:45-2:30 - Lunchtime

2:30-5h30 : So-DRIIHM session – by E. Lerigoleur and DataDRIIHM team

2:30-3:15

So-DRIIHM project progress by E. Lerigoleur

Debriefing from researchers of KAKILA, So-DRIIHM pilot project by J.-L. Jung, B. Madon, I. Le Berre et al. – **OHM Littoral Caraïbe**

3:15 – 5:30 : SO-DRIIHM Workshops

3:45- Coffee Break

5:30-6:30 - Poster session – Chairmen: by F.-M. Le Tourneau

Free evening for participants

OHM directors' meeting - Room F422

DataDRIIHM meeting – Auditorium

Tuesday september 7th, AM

9:00-12:45 - - BIP 1 (Contaminants / Contaminate / Contaminations : Review, exchanges and prospects) : Case studies session

Chairmen: G. Boetsch, J.-P. Bedell and DataDRIIHM Group

9:00-9:15 : Introduction by Robert Chenorkian, InEE Scientific Advisor to the OHM

9:15-9:30 : *Contamination and Risk Communication: gardens as hubs for environmental health research and literacy* - by F.M. Le Tourneau*, M. Ramirez - **OHMi Pima County**

9:30-9:45 : *PANTONE 19-3924, or the "normalization" of darkness in low-density areas* - by S. Challéat*, J. Milian, R. Bénos, D. Lapostolle, C. Ronzani - **OHM Pyrénées – haut Vicdessos**

9:45-10:00 : *PCB pollution of the Rhône river: the story of a "sedimented" crisis* by B. Mourier - **OHM Vallée du Rhône**

10:00-10:15 : *"Contaminants, Contaminate, Contaminations" and Water in Umiujaq: A viral issue* by A. Decaulne - **OHMi Nunavik**

10:15-10:30 : *Exposure of Guadeloupean ecosystems to maritime traffic* by E. Foulquier*, I. Le Berre, P.-J. Lopez – **OHM Littoral Caraïbe**

10:45-11:15 - *Coffee break*

11:15-11:30 : *10-years report on multi-disciplinary researches about the lignite mining heritage of the Provence Coalfield (Human-Environment Observatory): from spoil heaps to novel areas to explore nature based solutions* - by I. Laffont-Schwob, J. Rabier, H. Folzer*, M. Maignan, J.-C. Raynal, M.-D. Salducci, L. Vassalo, Y. Noack, S. Gachet, P. Prudent - **OHM Bassin Minier de Provence**

11:30-11:45 : *Natural and agricultural sciences – Agricultural soils contamination and mitigation measures* – by Carla Patinha **OHMi Estarreja**

11:45-12:00 : *When tourism and recreational fishing have contaminated high altitude rivers and lakes: Chilean and Pyrenean examples* D. Galop*, A. Salazar, G. de Mendoza, S. Blanchet et J. Cucherousset - **OHM Pyrénées, OHMi Patagonia**

12:00-12:15 : *Towards the interdisciplinary research of a socio-ecological system: the study case of the Biguglia Lagoon (Mediterranean Sea)* – by V. Pasqualini **OHM Littoral méditerranéen**

12h15-12:30 : *Rodents and their pathogens along the Great Green Wall in Senegal* - by L. Granjon – **OHMi Tessekere**

12:45-2:30 - *Lunchtime*

Tuesday september 7th, PM

2:30-6:30 - BIP 1 (Contaminants / Contaminate / Contaminations : Review, exchanges an prospects) : Working groups - thematic discussions

Chairmen Y. Noack, D. Davy and DataDRIIHM Group

2:30-2:40 : Introduction by R. Chenorkian, InEE Scientific Advisor to the OHM

2:40-3:40 : Human and social sciences approach to CCC (interdisciplinary SHS) - Led by A. Decaulne

3:40-4:40 : Issues of contamination assessment and fate (techniques, methods, standards, etc.) - Led by P. Monfort et M.-G. Tournoud

4:40-5:10 - Coffee break

5h10-6:10 : Research in CCC within the framework of the OHM/DRIIHM system (design, implementation, restitution) and societal interactions (political, economic, associative worlds, others) - Led by J. Labille

- 6:30 : Discussion

8:00 – Gala dinner (Departure from the University at 7:00 PM)

Wednesday september 8th

9:00-11:00 - BIP 1 (Contaminants / Contaminate / Contaminations : Review, exchanges and prospects) : Synthesis and prospects Session

Conclusions of the sessions and prospects by R. Chenorkian, A. Decaulne, P. Monfort, M.-G. Tournoud, J. Labille

11:00-11:30 - Break

11:30-12:30 - **COLLAB² session** - Chairwoman: C. Pardo

- Project progress by Isabelle Arpin
- "Results of the survey on collaborations in the 3 structures OHM, ZA and Biosphere reserves - Focus on OHM results" by Ramatoulaye Sagna
- Presentation of the PhD "Inter and transdisciplinary collaborations in sustainability sciences" by Anne-Gaëlle Beurier

12:30-2:30 – Lunchtime

2:30-4:00: **Closing of the symposium** – Chairman: D. Galop

2:30-3:00 - Discussion with the scientific council of Labex DRIIHM

3:00-3:30 - Prizes for best posters (Jury Prize, Public Prize, Young Researcher Prize (Masters, PhD) by Scientific Council and F.-M. Le Tourneau

3:30-4:00 - Conclusion by Didier Galop, and Robert Chenorkian
